The AIM of GEMSS
To assure all children with genetic health conditions:
• Succeed in school-life
• Are members of neighborhood schools across the country

GEMSS is for Teachers, Parents, School Nurses, and Genetic Counselors

Teachers and parents:
• Use GEMSS to better understand the needs of students who have genetic conditions
• Explore GEMSS to see if there are strategies you can implement
• Share the link with other families and groups

Nurses/Genetic Counselors:
• Refer families and educators to this site
• Provide feedback on new conditions and suggestions to the GEMSS team
• Provide printable handouts and flyers in your office waiting areas for families

25+ Conditions in GEMSS

including...
Angelman  Prader-Willi
